Valued at \$140.00

History of Mahay's

Steve Mahay founded Mahay's Riverboat Service in 1975. Back then he had a 16' Jon boat with a 20 hp outboard motor. Currently, our fleet consists of eight inboard jet boats which have all been custom-made for us in Tacoma, Washington and Lewiston, Idaho. Our staff currently consists of 20-25 employees. Due to the diversity of our waters, our inboard jet boats have been custom-designed for safety and comfort by Steve Mahay. We operate 24', 27', 33', 44' and 47' boats that travel at an average cruising speed of 35 mph. perfectly suited for our braided rivers, these boats require only inches of water to operate, allowing us to access many tributary streams that may seem impassable. Our guides are licensed captains by the U.S. Coast Guard and our vessels are Coast Guard inspected. Our guides bring to you over 100 years of local experience insuring you a safe and professional trip. Our guides are licensed captains by the U.S. Coast Guard and our vessels are Coast Guard inspected.
